

Meeting notes from February 28, 2007

All - Here is a recap of our meeting last night. If I miss anything let me know.

Went over the fields to be used for the Select tournament.

Walnut Creek is considering bringing a house component to AYSO. It is more of an issue to the club side of Walnut Creeks league.

Select is almost over. From the February Board Report, there have been more send offs in the U19 division and that regional referees are having to do the upper division games. The Select tournament schedule is out on the Davis website.

Golden Gate camp emails have gone out. Looking to get approximate count by March meeting.

A mentoring session for new Advanced and National Referees is being planned for August.

Looking for all regions to have a qualified referee representative at the fall coaches meetings to help delineate proper field demeanor and how to handle unruly parents/spectators.

Brent and John will be teaching at the Section meeting in Reno.

The Spring league meeting was on Feb. 28. The schedule is to be out on Friday with games starting on Saturday Mar. 3.

Round Table discussion:

Joe Hull suggested using "Constant Comment" as a communications tool. \$240/year and can handle 2500<emails. Goal Line is now being done by this group. There is a 60 day free trial available.

Concord Cup referee scheduler should be up by the first week of April. Go to refconcordcup14@aol.com. The referee web page should be up by next week.

There is a concern about dogs at the fields. What is the policy.

Concern about having USFS referees doing AYSO games - what is the policy? This was deferred back to John Maltester. It was suggested that they cross certify.
