PHMSA has 2200 for this year and will find out about their fields mid-July.

Stockton would like to interplay with three U10 Girls teams. It has been suggested that they contact the other regions directly.

It is a go for having pure U16 teams this year. If there are any blended U16/U19 teams, then they would play in the U19 division.

### **Open Discussion**

Walnut Creek has a women's team that will be participating in Premier Soccer. These are division one college players. It is \$5/game with teams in Davis and San Jose. The season runs May-August. \$30 will get you a season ticket, which consists of a blue shirt with logo, that has to be worn to the games to get in.

The minutes were reviewed and approved.

Comstock went well, although it was very windy (girls weekend). The referees did a decent job.

Stockton is putting together a tournament to be held July 26 and July 27. It is open to U10 through U19.

Motion was made to adjourn. It was seconded and passed.
