

## 2009 U16/U19 TOC Guidelines

1. Cindy Wells will collect scores, etc. Cell phone Number is 925-708-4828. John Hart and Tom Corum will gather game cards Saturday evening to sort out point totals - there are several games scheduled for Sunday morning for the preliminary round. Coaches should check the PHMSA web site, [www.phmsa.org](http://www.phmsa.org) for updates scores on Saturday night. Please check the link under the News page. On Sunday, coaches can call Cindy for point verification and to find out if they move onto the semi finals following the completion of the preliminary games.

2. Point system as follows:

- a. 1 point per goal up to three goals.
- b. 1 additional point for a shut out.
- c. 6 points for a win.
- d. 3 points for a tie.
- e. 1 point deducted for a player send off, either red card or two combined yellow cards.
- f. 1 point deducted for winning any game over a 6 goal differential.

3. Ties in semis will go directly to Kicks from the Mark since there is no real time to extend the semi games and give the proper rest time between semis and finals.

4. The U16/19 TOC will not be rescheduled for the next weekend if it rains. If it rains Saturday and games are called off, the tournament will be called off altogether. If it does rain Saturday, but not enough to close fields right away, the refs will determine what is safe and playable in order to keep the games going through Saturday. If the games are called off on Sunday, point totals and goal differential will decide the winners of the TOC. Goal differential will be +/- goals first. Goals will be counted up to a max of 3 goals per game. If there is still a tie, least amount of goals given up. If there is still a tie, flip of a coin will determine the winners.

6. No dogs allowed on any fields.

7. Medals will be delivered to the PHMSA fields Sunday morning and placed in the knock boxes. Blue medals are first place, red medals are second place. Steve Forbes will take care of the medals going to CCP. Center ref's for the finals will be responsible for handing out the medals to the winning and runner up teams.

8. Rainout information:

a. PHMSA, please see the web, [www.phmsa.org](http://www.phmsa.org) , under the "Welcome" page is the Fields Condition link. The web site will be updated by 7AM on Saturday.

b. Concord rainout hotline number is 671-3479. Rainout hotline should be updated by 7AM.

c. MDSA rainout hot line is 672-3373.
